Fence Keeps Lights On After Auto Snaps Pole, Breaks Line

An auto shattered a power pole. Electric lines fell and were broken but lights stayed on at 5:00 a.m. Sunday as electricity traveled through a wire fence in the 1500 block of State street.

Luckily, no one was electrocuted. Illinois Power Co. repairmen, called to the scene by Granite City police, were able to replace the pole and complete the repairs in a few hours.

An electrician told police that the circuit was kept intact at both ends of the broken power lines were in contact with the fence at Hillery Supply Co.

The driver of the auto, 22-year-old George Thebaud Jr., 2134 Edison avenue, suffered cuts to his mouth, chin and lower lip and a small cut to his left forearm. He was charged with careless driving.

Police said he was traveling north when he lost control of his auto on the State street curve at 15th street. His auto struck and shattered the wooden pole, knocking it down.

The curve is a frequent scene of crashes.

Port Authority Studying Bids For Rail Spur

Bids for the 13-mile rail spur to the Chicago Rock Island harbor of the Tri-City Port Authority ranged from \$329,134 to \$534,684. It was announced Friday afternoon following the opening of four proposals.

Apparent low bidder is A. H. Seebold Co., Granite City, with the \$329,134 figure. The proposals are to be analyzed for several days.

Contributions For Police Dog Are Presented

(Picture on Page 2)

Two \$400 checks to finance establishment of a "canine corps" were presented by the Madison Rotary and Lions clubs in a ceremony during a weekly dinner meeting of the Lions Thursday evening at the Sportsman's Club.

Jerry Maeras, Lions president, and Lewis Waggoner, Rotary president, gave the contributions to Mayor Stephen Maeras to be turned over to the city treasurer. Joining in the acceptance were Police Chief DuRoi and Sgt. Frank Durko.

Sgt. Durko is taking a training course at Urbana, Mo., and will serve as master of the police dog to be provided for the Madison department.

The project is being partly financed by the Rotary club's smorgasbord fund, Nov. 10, at the Madison recreation center and by the Lions' white elephant auction during November.

Guests for the chicken dinner included officers of the Rotary club and 15 players on the Madison Lions boys' baseball team, which won the 1963 championship with a 14-0 record in the Barton (won the 11th) division of the Madison Khoury League.

The squad was accompanied by Coach Louis Rivett and was inducted by League Commissioner Austin Lewis, who noted that the Lions club conducted leagues in which 22 teams played this year. Lewis described the performance of the winning team during the season, accompanied by appropriate piano music played by his son, Steve.

Expenses of \$100 per person were approved for officials wanting to attend the Illinois Municipal League conference this week in Springfield. Two members were granted \$100 each to attend the Illinois firemen's convention which starts today in Carbondale.

Lightning Hits House, Power Lines

The U.S. Weather Bureau's prediction of 20% chance of rain and possible thunder showers paid off for Quad-Cities Thursday night. Precipitation was recorded at 2.36 inches at midnight, and by 8 a.m. Friday another .27 inch had fallen.

The downpour hit shortly before 7 p.m. It was preceded and accompanied by frequent bolts of lightning and a heavy rain. A primary line hit by a bolt at Fifth street and McNair avenue.

The 4160-volt line was knocked down and drenched about 25 homes in the area for an hour before repairs were made by Illinois Power Co.

Another line was hit in Granite City, disrupting service at about 2300 in the vicinity of East 25th street.

Lightning Darkens White Way

A spokesman for the power company said the lightning played havoc with power line fuses, also with the downed line. Granite City white way system. At one time about 75% of the white way system was out.

Friday morning a crew with a "hot" truck replaced knocked out light bulbs and fuses in the system.

Lightning struck the front corner of a two-story, 10-room

Venice Oks 50-Year Utility Franchises

Added Benefits For Street Lights; Gas Heat For City Buildings

Venice's city council Friday night approved new 50-year electric and gas franchises with the Illinois Power Co.

Comptroller Carl E. Byrnes said the franchises were revised slightly to give the city more benefits. The old franchises, drawn up in 1946, still had 33 years to run.

The firm's agreement to provide power for about half the city's street lights and virtually all gas heat for municipal buildings.

The Venice city garage, recently built, has gas heat. The city hall does not. Gas heat may be installed there in the future.

Employees' Insurance

The council also passed a resolution calling for group insurance to be obtained from the Metropolitan Life Insurance Co. The premiums will be paid by the city.

Approval was given for material and installation of lighting around the city garage by Anchor Fence Inc., East St. Louis, for \$500.

Expenses of \$100 per person were approved for officials wanting to attend the Illinois Municipal League conference this week in Springfield. Two members were granted \$100 each to attend the Illinois firemen's convention which starts today in Carbondale.

Storm Pours 2.77 Inches Of Rain On Area

The manhole at East 23rd and Madison street "popped" again and was replaced. A lift station at Leonard avenue and Madison street was bubbling but continued in operation, despite an influx of storm water into the sewer system.

Street department members reported the runoff was better than average after the downpour. Sewers along the downtown area were cleaned earlier this year.

One traffic crash in Granite City was attributed to the rain which caused wet brakes. John J. Ridger, 17, of 15 Terrace, told police his brakes were wet and failed to hold after he hit passed through high water. His auto was involved in a collision at Madison avenue and Cottage street about 11:30 p.m. The report showed the Ridge auto struck the rear of Hayes' machine.

Quad-Cities expressed enjoyment of the rain. Many have been sitting or standing on their porches just watching it fall.

The 2.77 inches recorded increased to 2.89 inches the total for the month. The normal amount of rain in October is 3.48 inches.

The area now is about seven inches under the normal amount of rain for 9½ months.

Residents Seek Crossing Gates On Maryville Road

(Picture on Page 7)

About 122 signatures have been obtained on petitions urging installation of automatic warning lights and gates at the Maryville road railroad crossing immediately north of Highway 203 (Route Three). Volunteers held cars using the crossing Thursday and Friday to obtain signatures from the motorists.

Attorney Richard Allen, who has been retained to represent the informal group of Hills Ter residents, said today he will seek a conference with local state legislators and representatives of the Illinois Commerce Commission.

The petitions cite fatalities at the unprotected crossing and ask for flashing lights and gates. Most drivers who were asked to add their names to the petition, said Wabash, New York Central and Gulf, Mobile & Ohio trains are among those that pass the crossing.

3 Arrested For Venice Market Robbery Attempt

Venice police are holding three persons on warrants for an attempted holdup Oct. 16 at Sam's Market, 1433 Market street.

Meanwhile, six unrelated theft reports have been filed with police and deputies in this area.

Venice Police Chief Frank DeWitt said the trio he has in custody also is being held for a Madison county sheriff's office for questioning about a \$75 robbery Oct. 1 at the Moto service station south of Madison. St. Louis police also want to talk to the suspects about a holdup there, he added.

The three were identified as Willie Frank Johnson, 19; Denard Scott, 36; and Lavator Louis, 19, Scott's niece.

Saved-Off Shotgun

Johnson and the girl have signed statements to police, admitting their part in the market holdup attempt. Police arrested Johnson and Scott on Thursday and Friday. Then there were marathon sessions of 15 hours Saturday and 13 hours Sunday. A week of tension, charges and county charges. Violence threatened to break for the first time since the steelworkers walked out at midnight, Aug. 30.

Off on during the past week, the union has turned out in numbers up to about 250—blocking adaried employees from entering the plant.

During such a mass march Friday morning, a Press-Record reporter viewed one scuffle as an employee tried to walk through the picket line. Prior to the march, the pickering, which began Tuesday, non-union employees were permitted to enter at all times.

One striking employee reportedly to Venice police that he was knocked down and injured about 6 a.m. Friday by a car driven by Gerhard Allen, the plant manager. He was Dave Carnahan, 22, Edwardsville, who said he was walking picket duty in front of the plant at the time.

A witness, Albert Hewitt, Carnahan, said he also was hit by the plant manager's car. St. Elizabeth Hospital records show Carnahan entered the hospital Friday, complaining of pain in the left lower back. He was admitted and was released Saturday. Carnahan could not be reached for comment. Venice Police Chief (Continued on page 14, col. 6)

Policeman Breaks Leg As Motorcycle Skids

Granite City motorcycle patrolman Richard Bell, 29, suffered a fracture to a bone in his left leg yesterday evening when his cycle skidded on loose gravel as he was riding out the Nidringhaus avenue alley at the city hall.

Officer Bell, who resides at 2416 Dewey avenue, was unaware of an injury and went on an assignment to escort an unidentified motorist who was taking a sick person to a St. Louis hospital.

He completed the escort to the Madison city line and then stopped at a motorcycle complaint on Delmar avenue before noticing the pain in his leg. He was helped from the cycle by police members and taken to the hospital by police car for X-rays.

Bell told other officers he did not fall when the motorcycle skidded but had braced himself with his leg. "I thought I had merely twisted it," Bell said. He has been on the department five years.

Accident On Bridge

The auto of Clyde Martin, 20, of 518 Third street Venice, was damaged at 8:41 a.m. today while backing out of the train lane on McKinley Bridge. The left rear bumper and fender tail were damaged when the car slipped off the train track.

\$43,174 Donated To United Fund Drive

Contributions Total 13.8% of Goal In 1st Report; Meet Friday

Contributions and pledges to totaling \$43,174 to the Tri-Cities United Fund were tabulated this afternoon at the committee's initial report meeting which started at noon today at the YMCA.

The total represents 13.8% of the \$312,213 goal, or slightly under the 17.5% reported at the last meeting in last year's campaign. However, the UF astronauts expressed confidence that the UF "moon shot" would reach the moon and go over the top.

The next report meeting will be held at noon Friday, also at the YMCA, to receive reports from all campaign divisions. Hundreds of volunteers are currently are calling upon business and offices in an all-out effort to complete the campaign by the Nov. 5 deadline.

\$1500 Gift

Also reported was a \$1500 gift from the McDonnell Aircraft Corp. in recognition of the McDonnell personnel who live in the Quad-City area.

Among the benefits are the council's acceptance of a proposal presented last Monday night at an informal session of which nine of 11 aldermen present, and Mayor Davis, instructed the project engineer, fiscal agent and bond attorney to prepare a report for the night's meeting.

There is a possibility of no action being taken tonight because of the lack of a quorum. Seven aldermen have secured \$1000 checks from Comptroller John Doher to attend the Illinois Municipal League's annual convention in Springfield.

Convention Underway

The convention opened yesterday at 10 a.m. and is to continue through Monday. Mayor Davis also is attending. Should the aldermen be attending, the project engineer, fiscal agent and bond attorney to prepare a report for the night's meeting.

Aldermen Charles W. Moerlein, Venice, and John J. Ridger, Madison, are expected to present the data at an especially in the field of family marital counseling.

The aldermen who obtained expense allowances for the IMC convention are Walter Nann, Venice, Basarich, Edmund Bartosik, St. Louis, and John J. Ridger, Madison. J. D. Bergfield and Casmer Skubish, last year several aldermen attending the convention returned for the Monday night council session.

Moerlein stressed the need to confirm as quickly as possible the unofficial decision made last week at an informal session.

No Official Action

While no official action was taken last week, the nine aldermen who attended the convention returned for the Monday night council session.

At last week's meeting, Bond Atty. William Beatty suggested a late November election date.

in order to give time for securing a location on federal property for the treatment plant and to prepare other data.

Deadline 40 Days Away

The state Sanitary Board in relation to a June 1 deadline, ordered the city to show proof of a bond issue for sewage plant construction by Dec. 1.

The city council authorized a revenue bond issue for treatment plant construction without the usual referendum. The city solicitor requires a referendum.

Constructing interceptors subject to approval in the bond issue election--the city could save \$500,000 in cost of treatment plant construction. The interceptors also would be the first step toward eventual separation of sanitary and storm water sewage in the present combined system.

Should the general obligation bond issue be voted down, the city will proceed immediately to estimate charges to users, a report on acquisition of a site for the treatment plant at the Granite City Army Depot and no sewers--North Granite, two blocks along Cayuga street and about three blocks in the Ohio-Nevada avenue area.

Preliminary cost figures given the aldermen last week were \$1,417,000 for a treatment plant provided interceptors are built, \$1,715,000 for a treatment plant without interceptors and \$2,200,000 for the interceptors.

The city is being notified of an injury claim to be filed in the city court of Grant County, Mo., resulting from a traffic accident last May 22 involving a city street department truck operated by Grant Wilson, 2805 Edwardsville road.

The suit is to be filed on behalf of Mrs. William (Janice M.) Banks, who alleges injuries suffered in the accident. Her husband seeks an unspecified amount for damages to his 1955

REMOVAL OF OLD trolley tracks on the Venice Broadway viaduct began last week by A. H. Seebold Co. The road bed will be resurfaced, eliminating a long-time road hazard. The \$99,622 project is to be completed within 45 days. View is looking toward Venice from Market street in Madison.

Horseshoe Lake Commission Reactivated By Gov. Kerner

Members of the new Horseshoe Lake Area Commission, appointed last week by Gov. Kerner before he left on a European tour, met in a formal session to organize and elect officers. Four Quad-Cityans are on the commission. The members who will serve will serve without pay on the new commission created by the 73rd General Assembly, and several served on the original commission which was named in 1953 as a study group. Henry D. Karandeff, chairman of the board of the Granite City Trust & Savings and the American National Bank, was chairman of the study commission and was named to the new commission, along with Edvin Reiske, president of the Tri-City Trades & Labor Council. Another Quad-Cityan named to the commission is Dr. John E. Lee, dentist and mayor of Venice. Rep. Lloyd "Curly" Harris is on the commission by virtue of his state position. Also named by the governor were Truman May, Madison county farm advisor, and Herbert Esterlein, president of the First National Bank, Collinsville. The new members are William Boyne, Belleville, editor of the Evening Journal; Leonard Schwartz, Edwardsville, former state conservation officer; Herbert Baum, Belleville, president of the Belleville high school and junior college boards; Harold Baker, Belleville, an East St. Louis attorney and Chamber Commerce board member; and Norman Wright, Belleville, machinist. The commission is composed of 10 members appointed by the governor to serve until Feb. 1, 1965, and also by six members from the House of Representatives and two members of the Senate. The duties of the commission are to study and investigate all phases of the feasibility of utilizing Horseshoe Lake and its immediate surrounding territory as a recreational area for use by people of Illinois, according to the announcement by the governor.

County Preparing For 1964 Budget; To Start Wednesday

Preparations for the 1964 budget for Madison county will begin in earnest this week with the board of supervisors' finance committee scheduled to meet at 10 a.m. Wednesday in Edwardsville for its initial session. The current year's budget amounts to \$1,567,669.

The committee will begin its conferences with county officials and department heads at 9:30 a.m. Thursday, conferring with the jury commission, the veterans' commission, the equine auditor and the adult probation office.

On Friday there will be conferences with the county veterinarian, State Atty. Dick H. Mudge and Coroner Dr. W. W. Billings.

Next Monday, the committee will meet with a representative of the county museum and Circuit Clerk Judge James O. Monroe Jr., and on Tuesday, Oct. 20, there will be meetings with Probate Clerk Dale Hill and the Tuberculosis Sanatorium board of directors.

Progress Session Oct. 30
Members of the finance committee will meet on Oct. 30 and discuss progress to date, and then on Oct. 31 will meet with representatives of the zoning and subdivision control department and the county building official.

Civil defense representative will be called in for conference on Nov. 1 along with Recorder of

Deeds James P. Chapman and the court house committee.

Continuing the following week will be a Nov. 4 meeting with Circuit Clerk - Willard Portell and then the county jail committee. On Nov. 5, meetings will be held with the county nursing home committee, County Supt. of Schools Wilbur Trimpe and County Supt. of Highways Harry A. Kluge.

Sheriff Fraundorf is to appear before the committee Nov. 6, followed by Treasurer George Musso, and on Nov. 7, County Clerk Miss Eulalia Hotz will appear for the final session.

\$356,847 Spent
It was reported Thursday afternoon by Auditor John L. Kravak that the county spent \$356,847 or 67.7% of its budget in the first nine months of the current fiscal year.

The current budget totals \$1,567,669, and the unexpended balance amounts to \$450,821. Two funds, transportation and supervisors' expenses, are nearly depleted, however. Of \$14,400 appropriated for the supervisors, only \$12,255 remains and current expenses are about \$4,950. A deficit will be shown at the end of this month unless a \$9,000 appropriation has a \$208 balance and monthly claims average \$700 to \$800. The printing fund also is low with \$10,280 of the \$13,550 spent.

Chamber Banquet Thursday; Expect Several Hundred

An attendance of several hundred is anticipated for the annual Tri-Cities Chamber of Commerce dinner meeting Thursday evening at the American Legion Home, 740 Broadway, Venice, General Chairman Everett G. Steele announced today. Featured speaker will be Hal Boyle, columnist and author.

In reporting that reservations are being received at a rapid rate, Steele stressed that there is still plenty of room in the spacious Legion dining hall. Tickets costing \$5 each for the prime rib of roast beef dinner may be obtained by telephoning the Chamber office.

Emphasis is being placed on wives, employees, associates and friends joining the C. of C. members in attending, Steele said. The 6:30 dinner is to be preceded by a social hour starting at 5:30.

An 11-member welcoming staff will greet the arrivals and direct them to the meeting room, and the invocation is to be offered by Rev. Sherman Wilson, pastor of the Nazarene church.

W. L. "Jack" Johnson will play organ music before and during the dinner. Steele will serve as toastmaster, with the official welcome by President Chester L. Baker. Special guests at the head table will include Mayor Stephen Maerz of Madison and Mayor John E. Lee of Venice.

After barbershop melodies by the Noteaworthies Quartet, Steele will introduce Chamber officers and Baker will review accomplishments of 1962-63 and goals for 1963-64.

Lawrence C. McCauley, Granite City high school principal and a former University of Missouri classmate of Boyle, will introduce the guest speaker, whose topic is "The Secret Life of a Columnist." A Pulitzer prize-winning war correspondent, Boyle is known throughout the world for his humorous, philosophical and informative writing. The benediction will be given by Messrs. Michael Costello, pastor of Sacred Heart Catholic Church.

Coterie Hears Details Of Radio TV Operations

The highlight of the program at a meeting of the Ladies Coterie Thursday afternoon in the home of Mrs. George Stearns, 2000 Pontoon road, was a talk by William McKelhen of Jackson, Mo., vice-president of all radio and television stations in Missouri, on "Broadcasting."

The speaker, who is responsible for the operation of radio and television stations, also presented a comparison of radio and television. He was introduced by Mrs. E. F. Reiske, program chairman.

Also on the program was Mrs. Grace Du Nard, who played two light opera selections, "Someone To Watch Over Me" and "I Could Write A Book."

Mrs. H. T. Lewis, president, conducted the business meeting following the usual desert course served to 23, including three guests, Mrs. Earl Varnum of Florida, Mrs. Sherman Wilson and Mrs. George Holtzsch.

Announcement was made of the fall meeting of the Twenty-second District, Illinois Federation of Women's Clubs, in Adairville, Oct. 30, which several of the members plan to attend.

The "Dinner For Liberty" collection was taken for a federated project, the erection of a monument at the base of the statue of Liberty in New York. Resolutions for the district luncheon are to be made with the Coterie secretary, Mrs. E. E. Chagny, by Oct. 23.

The next club meeting will be with Mrs. William Cariss, Oct. 31 at First United, Presbyterian Church.

Almost! Flyers Rally To Nip Granite City, 7-6

Homecoming Crowd Of 6000 Treated To Fine Defensive Show By Warrior Linemen

East St. Louis was forced to come from behind—yes, come from behind—in the second half of play Friday night to eke out a 7-6 Southwestern Conference victory over a Granite City high school team which played inspired football, much to the delight of a capacity homecoming crowd.

Catching Fred Cameron's fly—the Warriors held the end of the ers a bit flat, the Warriors held the final end to a 6-0 lead until the final two minutes of the third period, when East St. Louis—stung out of its first-half lethargy by a Cameron-type halftime verbal dressing-down—rugged a 62-yard scoring march with Jim Riest's all-important extra point.

Conversion Is Difference

That conversion made the difference on the scoreboard.

Joe Hiles, who had scored for

"I told our kids this one would be decided in the line," GCHS Coach Jim Morrison said after the game. "And our linemen gave us the best overall job of the season, both defensively and offensively. We're a coming ball club. I don't think it will be long," he added.

It was apparent from the start that the Warriors were going to roll over and play dead.

Flyers Stalled At GC 23

Neither club could move in the first quarter, and the ball changed hands five times via the punt.

The Flyers drove down inside the Warrior 20 at quarter's end, but Love broke through to snare

halfback Ray Smith for a loss on the GC 23 as the second quarter began, and the Flyer drive was stalled.

Following a long halftime intermission and an almost-amounting huddle with Cameron on the sidelines, the Flyers came back to dominate the second half.

Another punting exchange midway in the second period gave Granite City the ball 35 yards away from paydirt, and the Warriors ponied with their best drive of the night.

Penalty Helps GC

Hiles swept for 12 yards and a first down, halfback Nick Petrillo got nine more and Norm

Wilfong wedged to the Flyer 12 for a first down.

An illegal procedure penalty against East St. Louis, the Flyers' only detected infraction of the evening, moved the ball five yards closer, to the seven.

Quarterback Doug Winfield, setting a press-packed first start at the signal-calling position, kept on the next play and was stopped at the one. Hiles dived in on the next play and, for the first time in years, a GCHS football team took the lead over an East St. Louis club.

They moved for one first down after GC's kickoff, but fullback Gerald Nave fumbled at the Flyer 30 and the Warriors recovered.

"Fumbler" struck GC, too; Hiles lost nine when he bobbed the ball, but end Joe Hampton saved the pickoff at the GC 48.

Wilfong's drive netted only two, and Winfield got passing instructions on the next down.

Waits Picked Off Pass

Alert defensive halfback Dave Walls, who picked off two Warriors' passes, grabbed his one at East St. Louis' 38.

The Flyer then marched methodically for 62 yards and, hitting TD, Riestis ripped off 21

yards on a trap play. Eisenhower, who took over at quarterback from Tom Dentich early in the second period, hit Aubrey Hampton and George Olson for aerial gains which picked up 19 yards.

Still, it required three downs from the Warrior three before Eisenhower was able to sneak for the score. Riestis' kick was almost perfect with 1:42 left in the third quarter.

The fourth period was a replay of the first two. Neither club could move against the other's line until Riestis, who picked up 80 of the Flyer's 91 yards gained on the ground in 11 carries, found running room outside the Granite City tackles in the final three minutes of play.

Both clubs used up all their allotted time-outs in the closing minutes, the Flyers in hopes of getting on the scoreboard again and Granite City in hopes of gaining possession and going for the long "bomb."

Time caught both clubs at the Warrior eight yard line.

Minutes Yardage In 2nd Half

East St. Louis showed its finest defensive club this fall by tripping up GC's rushing attack in the second half to the tune of 20 yards. That gave the Warriors a net gain of only 27 for the evening.

But the 91 yards the visitors gained was also a one-game low net by the Flyers this fall.

GAME Sidelights

The GCHS marching band, directed by Louis Mesik, provided the 6000-plus fans on hand for the homecoming game with a colorful and well-performed halftime show built around a "Gay Nineties" theme.

Larry Curry, a 1962 regular for the Warriors until he suffered a fractured leg, probably had the football, was the only casualty in the Warrior camp Friday. Acting coach, who was in the hospital, was the only casualty in the Warrior camp Friday. Acting coach, who was in the hospital, was the only casualty in the Warrior camp Friday.

Curry, aggravated by the injury while performing his sideline duties, and had to be taken to St. Elizabeth Hospital by ambulance following the game. He was admitted, and is listed as in "fair" condition.

Edwardsville, Cahokia And Belleville Take Big Ones; Bethalto, Highland In Tie

Two other Southwestern Conference schools joined East St. Louis in the "narrow escape" category over the weekend.

Edwardsville, running third in the SWC race behind the Flyers and Belleville, had its hands full coming out with a 13-6 victory.

Belleville found crosswain for Catholicism, a worthy opponent, but won 21-14 on a clutch touchdown play with less than a minute left.

Cahokia, as expected, romped over winless Dupu 33-0 in Friday's only Midwest Conference contest, and the only "breather" on the weekend schedule.

MWC Showdown Set

The Comanches thus regained a tie for the MWC lead with Roxana, which trapped Madison

OUR 40th ANNIVERSARY YEAR

Roxana Splashes To 18-0 Win Over Madison Shells' Witherow Passes For One TD Scores Another In Damp MWC Contest

The field was water-logged Thursday night but Roxana's Shells weren't. Quick to capitalize on Madison mistakes, Coach Mo Tschannen's football club scored on 18-0 win which, for a 24-hour period of least, left it in sole possession of first place in the Midwestern Conference standings.

Pointed toward a showdown this Friday night with Cahokia, the defending MWC champion, the Shells pretty much had things their own way in Thursday's contest, which was played for the most part in a driving rainstorm at the Roxana high school field.

The game was delayed for half an hour while the wind blew and the raindrops flew, but the Shells took less time than that to get on the scoreboard in the first quarter.

Accounting for the Roxana scores were quarterback Rich Hamilton, who carried in from the Madison 11 after fumble pass and finding all his receivers covered; end Keith Coleman, who took a pass away from two MHS defenders on a 34-yard scoring play in the third period; and halfback Don Witherow, who punched over from the Madison three in the final quarter.

Roxana furnished away the ball on the first play from scrimmage after the opening kickoff, but Madison lost four yards in four downs at the Shell 26, and Tschannen's boys moved 70 yards in 15 plays for the game's first score.

Hamilton pitched 21 yards to Durham for the biggest gain in the drive. The Shells were slowed twice inside the Madison 20 by five-yard penalties.

Hamilton elected to pass in a third-and-long situation from the 11, but Madison had received a well-blanketed, so he set sail around left end.

The play could not be recovered quickly enough, and the Shell quarterback, behind three MHS defenders, stepped unaccounted into the end zone with 1:35 on the clock. Offside and delay of game penalties forced kickers to the right of the crossbar.

That ended first-half scoring, although Madison mounted its most serious threat when it kicked off, marching from its own 32 to the Shell nine before the drive was blunted midway in the second quarter.

Fullback Paul Lusk and halfback Len Harper, who sometimes switched positions in the Trojan battlefield, moved out 48 of the 50 yards Madison moved in the second quarter.

Roxana picked up its second score in the third period after having apparently bogged down at the Madison 48. Hamilton pitched to Witherow, whose pass downfield for Coleman was wobbly and short.

Defenders Outmaneuvered

But the big Shell end came back to the ball, while two MHS defenders who had him covered kept right on going. Coleman gathered in the ball at the 20, cut for the sidelines and scored standing up. Cadie's kick for the extra point again was wide.

A fine, 40-yard punt by Witherow which rolled dead on the Madison four was the prelude to the Shells' final score in the fourth period.

Shell safety Dan Mosey set it up when he intercepted quarterback Gary Skinner's pass at the Madison 8 and returned it inside the visitors' 15.

Five plays later, Witherow crashed in from the three. The snap from center on the extra point was fumbled, and the Shells had to settle for an 18-0 lead. It was more than enough.

Coach Glenn scored from five yards out and halfback Jim Norris added the extra point on a run.

In the second quarter, halfback Bryan LaMew capped a drive by going over the end of the seven. Norris again ran for the extra point and a 14-0 lead by Roxana's 3-3 and sometimes 5-4 defense.

Now 2-2 in conference play, the Trojans probably had their chance to finish as runners up to Cahokia in the MWC this season.

Drew up a workable plan and then kept hammering away until success comes your way.

Reds Claim Atom Division Soccer Title Saturday

The Gitchoff Agency Reds clinched the Atom division Y.M.C.A. soccer league championship Saturday afternoon when they blanked St. Elizabeth 2-0 at Wilson Park. Steve Odum scored both counters for the league titlists.

Lincoln Place had crept to within half a game of the loop winners Thursday by holding Gitchoff to a 0-0 tie. Lincoln Place finished a strong second by taking a 5-0 win from Leuders Agency Saturday. Mike Martinez had four of the winners. Steve Odum scored both goals and Tony Becerra added the fifth.

Bantam division leader Granite City Steel Credit Union had some anxious moments Saturday before managing a 1-1 tie with contender Gitchoff Agency. Philip Bryan's goal tied the score with five minutes left after Skip Gasparovic had scored for Gitchoff in the first half.

Bricklayers Local 65 and Rozzycki Realty postponed their scheduled Bantam contest until a later date.

In Midnet league play Saturday at Coolidge high school Ray Becerra kicked in all three goals as Lincoln Place blanked GBU Insurance 3-0.

And the Twilight Optimists were awarded a 2-0 win over the Y.M.C.A. team by forfeit, the first of the season.

Atkisson To Head Bubblemasters Scuba Diving Club In 1964

Jack Atkisson was elected president of the Granite City Bubblemasters scuba diving club Saturday night during the organization's annual banquet, held at Holiday Inn near Edwardsville.

Club members chose Mrs. Dixie Griffin as "diva of the year" for the first time a woman member of the club has won the award.

Other officers elected Saturday included Earl Gates, vice-president; Mrs. Griffin, secretary; and Newt Kennedy, treasurer. The new officers will be installed by outgoing president Ron Homyer at the club's January meeting.

Judge Dismisses Wgnu Suit Against Union

A \$250,000 damage suit filed by Charles Norman, general manager of the Tri-City Broadcasting Co., against Local 4 of the International Brotherhood of Electrical Workers, was dismissed in federal district court Friday in St. Louis. Norman had the suit dismissed without prejudice to the defendants.

Norman, who filed the suit last July, charged the union with boycotting radio station Wgnu, of which he is general manager, in June 1962 after the station signed a labor contract with the Teamsters local.

The suit charged that the union action caused effects to cancel advertising contracts and prospective clients to break negotiations.

Members of IBEW Local 4 are to picket the station but not on a daily basis, a union spokesman said today. No other action is currently planned by the union.

3 Charges Against Eugene Williams, 38

Eugene Williams, 36, of 1128 Market street, Venice, was charged with disorderly conduct, resisting arrest and using profane language at about 7:30 p.m. Saturday.

Venice police were called to 1207 1/2 Market street where a woman, Williams, refused to surrender, but gave up when police were about to use tear gas. The woman involved filed no charges, police said.

when it's remodeling time think FIRST of First Bank!

Little things can do so much to make your home seem like new. Here's an idea: modern shutter doors glamorize closets, create more storage space. Or how about wall-to-wall carpeting for a more spacious looking, quieter, warmer living room?

You can make it a do-it-yourself project or hire it done. Either way, First Bank's liberal home improvement loan terms let you remodel your home now...and spread the cost over many months.

And right now...before winter comes... check your furnace... storm windows... the roof... and make sure they're ready for winter's cold days and nights.

Whether you're completely remodeling or just sprucing up a bit, come in or call today. Learn how easy it is... how little it costs... a home improvement loan from First Bank!

Be sure and come in to see our exhibition of famous paintings of Midwest scenes on display all this week through the courtesy of Ford Foundation and B. E. Hohl, Inc.

Processes Of Air Monitoring Station Are Explained

The continuous air monitoring station which is to be moved into the Illinois-Missouri metropolitan area early next year, the latest equipment to be used by the U. S. Department of Health, Education and Welfare in its effort toward curtailing air pollution.

Studies now are in progress to determine if the station is to be located in Illinois or Missouri and to pick the exact site. The decision will be based on meteorologic and other data.

The program of continuous air monitoring supplements the periodic sampling schedules of the National Air Sampling network. Instruments for periodic air samplings have been placed in the Quad-Cities this year.

Automatic Instruments
The special station contains a battery of automatic instruments that measure continuously the concentrations of seven gaseous pollutants, which the scientists consider most important.

These are sulfur dioxide, nitric oxide, nitrogen dioxide, carbon monoxide, total suspended particulates and ozone. The station also will measure weather conditions, total precipitation and will have meteorological instruments to record weather conditions that affect the dispersal of air pollutants.

The automatic sampler-analyzers have been developed especially for the program. To monitor the several different types of gases effectively, several different principles of detection and analysis are used.

Methods Of Measurement
These include measurement by the absorption of infrared rays, by changes in electrical conductivity, by changes in color of the solution in which the sample is collected, by flame ionization and by coulometric methods.

Processing of data in the pollutants are familiar. They can irritate the eyes, cause objectionable odors, soil curtains, blacken paint, corrode metal and cause deterioration of rubber and reduce visibility.

"Current estimates of the costs

CONTINUOUS AIR MONITORING STATION which will be placed in operation in the Illinois-Missouri metropolitan area early next year. The \$60,000 station will be used in the Quad-Cities this year.

In addition, a tape is punched automatically at five-minute intervals to provide an advanced warning of high pollution levels. These estimates do not include the cost of air pollution damage in terms of health, property and other losses.

The sanitary engineering center, the punched-tape data will be transferred to magnetic tape and then analyzed and translated on a computer.

Familial Effects
The U. S. Public Health Service points out the effects of air pollutants are familiar. They can irritate the eyes, cause objectionable odors, soil curtains, blacken paint, corrode metal and cause deterioration of rubber and reduce visibility.

"Current estimates of the costs

of damage caused by air pollution each year run as high as \$7,500,000,000 nationwide.

"These estimates do not include the cost of air pollution damage in terms of health, property and other losses."

Sources of the air pollutants are known to be natural—dust, sand and pollen—but others are man-made—produced by the household and industrial processes, pollution control equipment, household heating units and many activities essential to community living.

Pollutant Classifications
Air pollutants are classified in two basic groups, gaseous or liquid particles and gases or vapors.

not yet been selected. Its next meeting will be in Bloomington on Nov. 15.

The committee is responsible for both immediate and long-range planning for the consolidation of the Illinois Synods of the Evangelical & Reformed Church and the Congregational Christian Conference of Illinois.

The units are to be united to form one state-wide Illinois Conference of the United Church of Christ. Preliminary work was completed at St. Louis.

Surber was named to the office during a meeting held Friday at the meeting of the Illinois Synod of the United Church of Christ.

Rev. Robert Bunnag of St. Peter EGR Church had been named to the committee earlier by the church's Joint Study and Advisory to state-wide delegates. The committee is composed of five representatives of the various associations throughout the state to study the mission and program for the United Church of Christ in Illinois.

Rev. Surber's committee is to meet in January to present its program to state-wide delegates. A location for the session has not yet been selected.

Illinois Paintings In Exhibit At Bank

An exhibit of 24 paintings of scenes in Illinois, Missouri and Arkansas was on display today at the First Granite City National Bank through the courtesy of E. B. Hohl, Inc., local Ford agent.

Dealer E. B. Hohl said the paintings were prepared for the Ford Motor Co. publication, Ford Times, and the 24 were selected as outstanding from among 8000 that are the work of 800 contemporary American artists.

The Paintings of scenes familiar to Quad-Cityans are among those to be displayed this week at the bank. Included are paintings of a house and the village hall at Elkhart, the Lincoln-Berry store at New Salem, Lincoln's Tomb at Springfield, the old courthouse at St. Louis.

Other Illinois paintings are Giant City State Park, Crab Orchard Lake and several scenes in the Spoon River area—swimmers, a picnic, mallards and ice skating.

There also is a scene of Ball Knob Mountain near Cobden and the Park in the Ozarks near Grand Tower.

Currently there are 50 of the continuous monitoring stations in operation throughout the country. Each station costs about \$60,000.

The Illinois-Missouri air pollution study has been in progress since early this year as a cooperative project of the Bi-State Development Agency, the St. Louis Division of Air Pollution Control, the East St. Louis Air Pollution Control Commission, the Missouri Division of Health, the Illinois Department of Health and the Public Health Service of the U. S. Department of Health, Education and Welfare.

Fire-Rescue Demonstration Staged For Staff At Hospital

More than 100 employees of St. Elizabeth Hospital witnessed or took part in a fire fighting demonstration Thursday afternoon on the parking lot at the rear of the hospital building.

The demonstration, for which several hospital beds were moved onto the lot, was directed by Bernard T. Finney, hospital personnel director who is a former city fire captain.

Included were techniques for removing critical patients from beds under emergency conditions, the operation of several types of fire extinguishers and the actual extinguishing of small fires.

The patient holds had been taught in advance by Mrs. Marietta Daniels, RN, nursing service director.

Improved Agreement For GC Steel Guards

An agreement on improvements in the existing contract between Plant Police Local 23504 and Granite City Steel Co. was announced today.

Charles Hamilton, business agent for the union, and John R. Hundley, vice-president, industrial relations for the company, said the contract changes provide for an expanded vacation plan and increased benefits under a company-paid group insurance program.

The improvements are similar to those negotiated recently with International Chemical Workers Local 50, which represents most of the union employees at the blast furnace plant.

Central Christian Church Opens Building Fund Drive

Central Christian Church, 2024 Johnson road, held a kick-off dinner Thursday night for about 30 workers in its \$35,000 building campaign.

Funds raised in the campaign will help build a \$200,000 sanctuary, seating from 350 to 400. At present, the congregation worships in the multi-purpose fellowship hall.

Construction on the present building began in the fall of 1955 and the structure was dedicated June 17, 1957. Plans drawn at that time for a sanctuary will probably be revised, Rev. James R. Craddock, minister, said.

He said an architect will be acquired after the six-week campaign is over. Edward Lorton, the campaign chairman, and other leaders spoke at the dinner meeting.

Original plans called for the sanctuary to be built off the present north wing toward Johnson road.

Rev. Craddock said the church has about 500 members.

Preparations are being made for the installation of new officers for the Protestant Welfare Agency. It was announced today at the agency headquarters, 2032 Edison avenue.

The new president is Lennie Crookrell, who represents the Tri-City Trades & Labor Council on the welfare agency board of directors. He is a stockworker employed at the Madison Laclede Steel Co. plant and resides in Collinsville.

Elected vice-president is Roy Lynn, and those re-elected were Mrs. Irma Taylor, secretary; Mrs. Mary Simon, treasurer; and Mrs. Marie Whittle, office secretary.

The annual installation banquet will be held Nov. 21 at the First Methodist Church.

FREE TOUR LITERATURE AT HOLIDAY SERVICE.

Kerner And Party Hope To Build Up Illinois Exports

Gov. Otto Kerner, before leaving Thursday afternoon on his trade mission tour of Europe with 14 Illinois business executives, said the 21-day trip's purpose is to increase exports by Illinois manufacturers through the establishment of personal contacts in the trade circles of western Europe.

Among the business leaders with the governor is Carl A. Ranft, president of J. C. Ranft Bottling Co. and chairman of the Tri-City Regional Port Authority.

Ranft is accompanied by his wife. His selection for the trip was two-fold. He not only is a business executive but also is an expert in the field of inland port operations.

Gov. Kerner emphasized that advance arrangement was made so that each participating manufacturer will be able to meet personally with importers, distributors, sales representatives and European manufacturers interested in establishing branch plants of Illinois manufacturing companies overseas.

Loxosceles Reclusus Bites Rare In Illinois

A venomous little brown spider which is gaining national attention as a "people-biter" is relatively rare in southern Illinois, according to a Carbondale Southern Illinois University entomologist.

Dr. John Downey of the SIU zoology department said the spider, the loxosceles reclusus, is less common in this area. It is the well known black widow. Until a few years ago, it was not known to exist here at all.

Downey said southern Illinois residents have no cause for alarm over the spider, which is potentially more dangerous than the black widow. "Your chances of even spotting one, unless you're particularly looking for it, are rare," he said.

A few cases of suspected loxosceles reclusus bites have been reported in Carbondale in recent years, Downey said, but often only because the person knew he was bitten by some kind of spider.

Not painful at first, the drab brown spider's bite results about a week later in a "necrotic lesion," an open sore which may become gangrenous.

"Actually," Downey said, "bees and wasps are more dangerous than spiders, in the sense that some people are allergic to their stings. And the black widow spider is much more common than the loxosceles reclusus, but most of us seldom see a black widow."

Trade Possibility Study

"The Illinois Trade Mission to Europe will provide an opportunity for on-the-spot investigation of trade possibilities by each individual participant." Gov. Kerner said, "and we are delighted that the mission represents such a wide variety of business operations."

The group today is participating in a trade mission luncheon at Frankfurt, Germany, and there is to be a civic reception at the Frankfurt city hall tomorrow, they will attend a German trade seminar and on Wednesday a products seminar at Frankfurt and fulfill trade appointments before going to an evaluation conference Thursday prior to departing for Berlin.

Berlin Mayor Willi Brandt will welcome the delegation on Friday, and that afternoon the group will attend the German Industries Fair.

The tour also includes four days in Paris and six days in the United Kingdom—London, Birmingham, Manchester and Liverpool.

SPECIAL DIRECTORY DELIVERY FEATURE

The receipt of new telephone books each year in Granite City homes and offices is a taken-for-granted fact. But for Southwestern Bell Telephone Company, producing and delivering the books is a big job requiring months of coordinated effort.

According to Granite City telephone manager, Paul Stout, the book now being distributed are among 10 million copies printed by Southwestern Bell Telephone each year. In Missouri alone, the firm distributes about 3,300,000 directories.

Southwestern Bell prints about 600 different directories, varying in sizes from four-page, rural telephone books to more than 1,000 pages in some of the larger cities like Kansas City and St. Louis.

Western Electric, Southwestern Bell's supply source for all materials, has the job of purchasing paper and arranging printing for some 85 million copies of directories each year in the Bell System.

About half the paper used is colored at the mills with a special dye for the Yellow Pages.

Galleys of type called "Bell Galleys," specially cast for telephone directories, are constantly being revised to keep listings up to date.

Most directories are printed on a fixed date, but in each print shop a daily check is run so a subscriber with a new phone or a changed number is listed in the operator's file immediately.

Much of the work for the Granite City telephone directory is done at Southwestern Bell's Missouri area headquarters in St. Louis.

The service request of any customer throughout the state is forwarded to the company's directory production in St. Louis. After it receives multiple checks for accuracy, it is transferred into printer's copy and forwarded to printing firm specializing in directory typesetting. Many proof checks later, the line of type is locked into its alphabetized place in the book and printed as part of the directory.

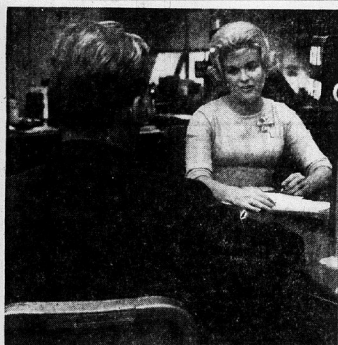

The whole process has to be ultra-accurate. Each name is handled by more than a dozen people specializing in production work. In a year's time, these people are responsible for more than a million new listings and directory changes in the state of Missouri alone.

That's a lot of names flowing through production—and Southwestern Bell does its best to handle them with care.

While type is being set and names are alphabetized for directory printing, artists at Southwestern Bell put finishing touches on cover and other pages requiring special art treatment in each directory.

Covers are printed on separate presses. In larger cities in state, cover changes each year, depicts a local scene. This drawing by directory artist was for a recent edition in St. Joseph.

Ultra-accurate system of processing telephone customer's name for directory printing begins when customer makes request for service from one of Southwestern Bell's local service representatives.

Customer's service request is processed through company's directory production department, where name is transferred to printer's copy and sent to print shop. Name, address, and telephone number are set in special galleys of type and proofed for accuracy.

ACCEPTING GIFT for her services as treasurer of the Senior Citizens organization Thursday is Mrs. Jewel Patterson. Left to right are Mrs. Fanny Epstein, Mrs. Patterson, Mrs. Fred O'Guin, program chairman, and Rev. Paul Evans, guest speaker at the banquet celebrating the second anniversary of the Senior Citizens.

Wilson PTA Hears Talks

The Wilson school PTA met Thursday evening at the school with Mrs. Rose Tolbert, president, in charge.

Mrs. Ruth McCarthy, school nurse, gave a brief talk on the vision and health program, and Robert Stiegemeier, physical education instructor, explained the physical fitness program illustrating his talk with slides and demonstrations by several of his pupils.

The Girl Scouts opened the meeting with the pledge to the flag and the song "America." Robert Fitzgerald offered the PTA prayer.

Mrs. Mary Marler, ways and means chairman, announced a candy sale to begin in November and there was a discussion on baby sitting.

Mrs. Virginia Orant's fourth grade class was given the PTA attendance banner and refreshments were served by the sixth grade mothers.

Wm. Klusty Sr. 84, Dies At Home Here

William Klusty sr., 84, of 1748 Olive street, died about 5 p.m. Saturday at his home. He had been ill two years and had been under medical care.

A native of Austria-Hungary, he had lived here 17 years, moving to Granite City from Wadsworth, O. He retired in 1946 after working 20 years as a laborer for the Ohio Match Co.

Survivors include his wife, Eva; three daughters, Mrs. Julia Walsh and Mrs. Anna K. Tom Youngstown, O., and Gertrude Johnson, Wadsworth, O.; three sons, Frank and Louis Klusty of Bartlett, O., and William Klusty jr. of Fresno, O.; two stepdaughters, Mrs. William (Ann) Newseur and Mrs. Frank (Mary) Parizon, both of Granite City; a brother, Frank Klusty of Bartlett; 20 grandchildren and 20 great-grandchildren. Funeral arrangements are given in today's obituary column.

Report By Hairston At State Convention

With a \$12,800 Illinois Fighting Fund for Freedom quota for 1963, \$11,000 has already been raised, Hugh Hairston of Venice, state chairman of the fund, reported in Danville during the state convention of the National Association for the Advancement of Colored People. The meeting was held Friday through yesterday.

Hairston, delegate of the Madison NAACP branch, said discussions centered on school segregation, freedom of residence, branch administration and political activity.

Banquet speaker was Attorney Cecil Moore, Philadelphia, president of the Pennsylvania conference of NAACP branches. Danville Mayor George Schackman welcomed the delegates and keynote speaker was Rev. C. Anderson Davis, NAACP head in West Virginia.

Dr. Maer Elected State IOA Vice-President

Dr. Stanley Maer, Granite City optometrist with offices at 1833 State street, was elected vice-president of the department of public information of the Illinois Optometric Association during the group's state congress and convention last week at Aurora.

Dr. and Mrs. Maer have just returned from the convention, where 700 delegates heard main speaker Dr. Charles A. Bayshore of Orlando, Fla., describe technical advances which enable thousands of persons who could not have been satisfactorily fitted with contact lenses due to sensitivity to wear the lenses.

Other topics discussed included the development of a bifocal contact lens, the hazards of winter driving and new styling in eyewear.

The flute is believed to be the oldest of all the wind instruments.

Ainaad Shrine Sets 50th Anniversary On Saturday

The Ainaad Shrine Temple of East St. Louis will observe its 50th anniversary Saturday with an all-star ceremonial.

About 10,000 Shriners from five temples in Illinois and the Moslem Temple in St. Louis are expected to participate, including members of the Ainaad Shrine from the Quad-City area. The program will include initiation of new members. A coronation parade will begin at 3 p.m. at 20th and State streets in East St. Louis, will proceed west to State and Illinois avenues, south to Missouri avenue, west to Collinsville avenue, north to St. Louis avenue and east to the Ainaad Temple at 609 St. Louis avenue.

Fifty units comprised of Shriners in Illinois and St. Louis will participate, in addition to the Ainaad units. Included are the Arab patrol which won third place recently in the Imperial council parade in Toronto, Canada, which lists some Quad-Cityans as members, the band, color guard, chanters, drum corps, motor patrol, drum and bugle corps and the directors staff.

Sheriff Offers Aid To Probe Gaming Stamps

Sheriff Fraundorf sent letters Friday to police authorities of Venice, Alton and Collinsville pleading his cooperation in investigations of federal wagering or gaming tax stamps. In his letter to Venice Police Chief Frank DeWitt, Fraundorf said his investigators learned a federal gaming stamp had been issued for George's Diner, Market street and Broadway for a five-cent pinball machine owned by Melvin Pashea of Granite City.

Chief DeWitt told the Press-Record that he had talked to Pashea and was told he has been not gambling on the machine. In the rural area outside the Quad-Cities, Fraundorf said, federal gaming stamps had been issued for two pinball games at Mick's Garage near Mitchell. The county investigators said they talked to the proprietor, John Fincher, who said he had had the machines for several years. The county authorities were advised by Fincher there was no gambling on the machines.

"If any evidence is found that these devices are used for gambling purposes, it will be submitted to the state's attorney's office and then to the proper court for disposition of the cases which have been prepared," Fraundorf said, referring to the county locations. In all, seven gaming stamps were issued in the county—three in Alton, three in unincorporated areas and one in Venice, the sheriff's report showed.

Central PTA To Hear

The first meeting of the Central junior high school PTA will be held at 7:30 p.m. Wednesday instead of the scheduled fourth Tuesday of the month. The change in meeting dates has been made to hear Albert W. Rowden, counselor of Central speak on aptitude tests, now being given.

Rowden also will discuss reasons for the high percentage of high school "dropouts." Refreshments will be served by the executive board. President James Hasty will preside.

Family Living Institute Session Here Tomorrow

The second session of the "Institute for Family Living," still to be held at 10 a.m. tomorrow in the community room at Garesche Homes, Madison.
Mrs. Margaret Hance, superintendent, Madison county department of public aid, said the session is open to the public and in attendance will be Mrs. Margaret Lynch, family life specialist, Home Economics Extension Service, University of Illinois, and Mrs. Elsie Wendler, Madison county home advisor.
Topics will include school failures and dropouts, understanding your child and other's children, how to discipline your children, democracy begins in the home, children and television, children's friends, emotional health, personal habits and hygiene and credit buying.
The first session, held Oct. 8, was attended by 40 persons. Refreshments will be served.

Triple Lodge To Honor Past Masters At Dinner

Charles F. Spilker, Collinsville, will be guest speaker as Masonic Triple Lodge 835 holds a "past and a future" luncheon at the lodge Wednesday at the Masonic Temple.

All Master masons are being invited by Worshipful Master Gene Ross, and plans call for dedication of a new past master board—one of its kind in the nation. Rev. Paul Surber, pastor of St. John United Church of Christ, will conduct a memorial service.

Drought Playing Havoc With Pastures And Ponds

Near record drought conditions in southern Illinois are playing havoc with farm ponds and water supplies and fall seedings of wheat and hay and pasture forages, according to Southern Illinois University School of Agriculture officials.

Two small lakes on the University's Experimental Farm are used for livestock water and the other for irrigation water are alarmingly low, says W. E. Keeper, dean of Southern Illinois School of Agriculture. Other smaller farm ponds on the school's test farms also are playing havoc with low water levels.

The need for rain is especially urgent to replenish the dwindling water supply in a three-acre lake at the school's sheep center. It is the main source of water for the sheep, beef and swine where 75 sheep, about 100 beef cattle and more than 900 pigs and pigs are maintained for teaching and research. Alex Reed, SIU animal industries department chairman, not only is concerned about the water supply for the livestock but says its quality is getting poorer as the pond shrinks.

Also dropping fast is an eight-acre irrigation lake on the Federal Small Fruits Research Center operated jointly by the U.S. Department of Agriculture and SIU. The center superintendent, Roland Blake, says the lake has dropped four feet this summer from heavy usage and now is only about one-fourth full. It is used to irrigate about 20 acres of experimental plots devoted to strawberry, raspberry, blackberry and blueberry breeding and testing. Records at the station show a rainfall deficit of 20 inches since March 1962, on the basis of 50-year averages of rainfall for the area.

The current situation dramatizes the need for more good ponds or other suitable water sources on the farm to weather a long drought, Keeper says.

Seedlings of winter grains in experimental plots on the Agronomy Research Center at SIU have been delayed about as long as possible with soil to dry to terminate the seed, according to D. Roy Browning, superintendent. Many acres of new fall seedlings of forage crops on the University farms have not sprouted and may be lost.

Traffic Convention Set For County Nov. 29-30

A convention on coordinated traffic planning and related court procedures has been called tentatively for Nov. 29-30 by James O. Monroe, chief circuit judge, for all officials and representatives of the public with a direct interest in the matter.

Workshops during the two-day affair, to be held at the Edwardsville high school, will include judicial problems, clerical problems and rules and legal opinions resulting from new judicial reform measures.

Willard V. Portell of Granite City, clerk of the circuit court, was designated as chairman, and Felix McCracken, circuit clerk of Bond county, was named assistant chairman.

Members of the coordinating and advisory committee are Gordon Olsen and Seymour Mann of Southern Illinois University, State Police Capt. Emil Tofant, County Sheriff Barney Frandorf, William Peterson of Alton, State's Attorney Dick H. Mudge and John D. Morrey, public defender.

To be invited to the convention are members of the judicial bench, clerks of courts, state's attorneys, the public defender, their association, mayors, city treasurers, members of the county board of supervisors, county officials, police departments, the press, experts on traffic from SIU and other universities and high schools and city attorneys.

The meeting was announced following a traffic planning meeting held Friday at the Sunset Hill Holiday Inn motel. Discussed at this meeting, conducted by Judge Monroe, were problems of the unified traffic court in Madison county. Another meeting for police, judges and city attorneys of the peace has been called for 2 p.m. Wednesday at Edwardsville.

MORE ABOUT 3 Arrested For Robbery

(Continued from Page 1.)

Sally, East St. Louis, was reported stolen to the Madison county sheriff's office at 11 p.m. Saturday from Mom's tavern, 210 Hill street, Eagle Park Acres.

Taken into custody was John Frank Carter Jr., 22, who lives in a trailer at 211 Hill street. He was being held in the Madison police department for the United States Marshal. The car was recovered in St. Louis. The arrest was made after deputies conferred with the tavern operator.

A box of tools valued at \$191 and an impact wrench worth \$120 were taken in a burglary between 12:30 and 6:20 a.m. Friday at an auto repair garage, 568 Sixth street, near Cambridge avenue, Madison police were informed by the owner, Frank Hall, 1609 Third street. A door of the garage was found open that morning.

Tire, Wheel Stolen

A green wheel and steel wheel tire were stolen from the truck of Albert Malottki Jr., 2465 Watman avenue, Saturday night.

Four spinner type hubcaps were stolen off the auto of Mrs. George Mills, East Alton, Saturday night when the car was parked in the 1800 block of Cleveland blvd.

A variety of automobile parts and tools were stolen in a burglary at Bob's Auto Train, 1327 Madison avenue, Thursday night, it was reported to Granite City police at 8:50 a.m. Friday by Robert Fuller, proprietor.

The loot included an air compressor and an air angle gun, a tool box full of auto tools, a fuel injection system, three automobile rear ends, two racing slick tires, a tachometer, three two-barrel carburetors and a four-barrel carburetor.

Entry was gained by sliding a broken window reaching in and Harold Fogle, 2325 East 25th street, reported to Granite City police at 10:30 p.m. Thursday that four hubcaps were stolen from his automobile while it was on the rear parking lot of Granite City high school after 8 p.m.

Four hubcaps were stolen off a car owned by Chris Passhoff, 1230 Madison avenue, while it was on the parking lot at Granite City high school between 10:30 and 11 p.m. Friday, he reported to police.

MORE ABOUT Dow, Union Finally Ok

(Continued from Page 1.)

Frank DeWitt said today that no formal charges have been filed. Steelworkers blocked off management until about 9:45 p.m. Friday, then permitted them to enter under a barrage of taunts and jeers.

Suit Filed Friday

The company, a division of the Dow Chemical Co., had filed a temporary injunction suit against the union late Friday afternoon. The complaint said the mass picketing was preventing employees from giving continuous maintenance to equipment.

The suit also charged that strikers placed acid on at least three cars, damaged another, used threatening and abusive language to all seeking to move through the gate and struck one supervisory employee with a stone.

Several salaried employees said they were harassed during telephone calls late at night. Among them was a former Dow employee, William Cedor, who was laid off by the company last May and now works at McDonnell Aircraft Corp.

In one night last week he received three calls between 11:30 p.m. and midnight and two others in the afternoon at 12:30 and 2:30 p.m. The caller did not speak during the night calls, but there was cursing and a threat in the afternoon calls, Cedor's wife said. Cedor said his name apparently still appears on a company supervisory personnel list.

There were rumors during the strike that the parent company might close the local plant, located partially in Venice and partially in Madison. Officials at Dow headquarters in Midland, Mich., denied the reports.

Union members said they were rankled by the production work carried on during the strike by the supervisory personnel. A Dow spokesman said the steel workers were informed by letter that such production was necessary to keep from losing customers.

Crash On Nameoki Road

Involved in a crash about 12:35 p.m. Sunday on Nameoki road in front of Bellemeire village shopping center were northbound autos operated by Dorothy Humphrey, 38, of 1908 Ferguson avenue and Ralph Franklin, 54, of 4784 Nameoki road. Police said the Humphrey auto was stopped in a line of traffic and Franklin's auto skidded into it while attempting to stop.

The standard of living in West Berlin is rising steadily. General household costs now total \$125 million annually.

Farm Column

By IRUMAN W. MAY
Madison County Farm Adviser

COMMITTEES NAMED

Members of committees to plan Agricultural Extension activities in the county, appointed at the recent meeting of the Madison County Agricultural Extension Council, are:

Crops — Charles Liechmann, Granite City, chairman; John Keller, Collinsville; Herbert Kuehle, Dorsey; C. C. Losh, East Alton; Eldon Mayer, Marine.

Dairy — Leland Steiner, Highland, chairman; Carl Baumann, Highland; Vernon Becker, Mow; Wilmer Hensin, New Douglas; Waldo Keilbach, Highland.

Farm Management — Howard Kuebler, Granite City, chairman; Melvin Bakers, Bethalto; Wilbert Engleke, Granite City; Robert Johnson, Dorsey; Norman Klueter, Edwardsville.

4-H Club — Harold Balsters, Bethalto, chairman; Robert Hans Worden, Howard Knott; Edwardsville; Glenn Schumacher, Alhambra; Udeli Wehling, Alhambra.

Livestock — Charles E. Krejci, Edwardsville, chairman; Wilfred Gille, Edwardsville; Harold Heepke, Edwardsville; Leslie Knehl, Pocahontas; Bernell Weiss, Highland.

Soils — Walter Steiner, Pocahontas, chairman; Martin Blase, Worden; Merle Espenschied, Macomb; Rudy Kuttin, New Douglas; Arthur Schneider, Trenton.

SOLUTION FOR ROUGHAGE

Madison county dairymen and beef cattle producers who are facing a possible hay shortage because of extremely dry weather this summer still have at least two alternatives for stretching their roughage supply.

The most obvious solution is to buy more hay. However, hay may be scarce and probably will be high priced. A better answer for farmers who have good up-right silos may be to leave some corn standing in the field and re-fill silos with it later this fall and winter.

Although there has been no controlled research on the feeding value of silage made from mature corn, dairymen and beef feeders who have followed the practice in past years indicate that it is a satisfactory method for producing additional roughage to meet an emergency situation.

Here are some recommendations for making corn silage from mature corn:

Chop the silage extremely fine. Crush cobs into small pieces and crack at least some of the corn kernels. This may take a special type of chopper and it may require more power than is required for corn chopped in earlier stages of development.

It's important that the silage be straight walls and doors. If these conditions are met, you won't have to add water as the silage is chopped. A plastic cap on the silo helps keep silage moist and the material stored longer than a few days in a conventional up-right silo.

Farmers who have a choice should leave a corn variety known to stand well. Field losses can be high in fields where corn goes down badly. Making silage from mature corn is an emergency measure, and not recommended over silage made from young corn.

Customers may pick up orders at the nursery or have them shipped express collect. A new feature this year allows shipment by United Parcel Service at the rate of \$1.50 per \$500 trees.

Forest planting stocks produced by the Illinois Division of Forestry are not to be used for ornamental or landscape purposes and cannot be resold with roots attached.

State nursery stock is to be planted on rural land and used for timber crop production, soil erosion control, field shelterbelts and wildlife cover.

Tree-planting machines capable of planting 5000 trees on four acres in one afternoon are available for hire or rent.

Choose plants that will not become a problem in a short time. Among the types of evergreens that can generally be grown here are juniper, taxus and arbovitae. Gardeners can also consider broadleaf evergreens such as Japanese holly, euonymus, azalea and rhododendron.

Be careful to choose plants that grow well in the amount of sun or shade you have.

Consult the nurseryman or garden center operator about suggested plants for your particular situation.

At the planting area, prepare the soil before you set out the plant. If the soil is heavy clay, be sure that the soil is moist before winter arrives.

No one control measure will aid farmers of the host of diseases that affect their soybeans. But now while this year's bean crop is a vivid memory, is a good time to learn what you can do to prevent the same problems next year.

Clean fall plowing, that helps in many cases. Rotating beans with other crops helps break the disease life cycle. Using clean disease-free seed of resistant varieties will help combat many soybean diseases next year.

The Madison County Dairy Herd Improvement Association has employed Andy Schrage of Saline township as a new tester in the Highland area. Several more dairymen can now be enrolled in the association. More information can be obtained from the farm adviser's office by anyone interested.

Social Security Trust Funds Are Sound, Trustees Report

There is reassuring news for residents of Madison county in a new booklet, just published by the trustees of the two social security trust funds, Ralph Brasher, social security district manager, said today.

According to the trustees' report, "the overall financial status of the old-age, survivors, and disability insurance program is sound."

Income from the schedule of tax contributions rises now in the law, the booklet points out. It is estimated to produce adequate income to pay the benefits now provided in the law to the present and future beneficiaries, and to pay the administrative expenses of the program, without any subsidy from the general funds of the Treasury.

C. Douglas Dillon, Secretary of the Treasury, is the Managing Trustee of the social security trust funds. The other two trustees are W. Willard Wirtz, Secretary of Labor, and Anthony J. Celebrezze, Secretary of Health, Education, and Welfare.

The new publication, Brasher said, is a summary of the detailed report submitted by the trustees to Congress earlier this year. By law, the trustees are required to report to Congress each year on the operations and status of the two social security trust funds during the previous fiscal year, and the anticipated opera-

tions and status on into the long range future.

The summary of the report contained in the new booklet, say the trustees in a foreword, "is for the information on the many millions of people whose economic security depends, at least in part, on the continuing financial soundness of the program."

The new publication notes that the combined assets of the trust funds will increase by an estimated \$31 billion over the five calendar years 1963-1967. While there will be an overall increase in the assets of the trust funds, the assets of the smaller of the two funds—the Disability Insurance Trust Fund—is expected to decline.

The trustees have therefore recommended that the law be changed so that a small portion of the increase in social security contributions scheduled for 1969 will be allocated to the Disability Insurance Trust Fund. "If this is done," they say, "it is estimated that both parts of the program as well as the program as a whole, will have enough income from contributions and from interest earned on trust fund investments to meet future benefit payments and administrative expenses."

"Such an allocation would not affect the overall soundness of the program but would make for a more reasonable distribution of

income between the two parts of the program. No increase in the contribution rate is necessary; merely a reallocation of the rates between the two funds."

Free copies of the trustees' booklet, "The Status of the Social Security Trust Funds," are available upon request from the social security district office at 433 Missouri avenue, East St. Louis.

State's Public Aid Rolls Show Declines

Public aid rolls declined in August for the fifth successive month in the state. It was announced today at Springfield by Harold O. Swank, director of the department of public aid. He said a rise in the general assistance rolls was more than offset by decreases in other programs.

Throughout the state there were 417,124 persons receiving public aid during the month, 10,401 fewer than the August 1962 caseload. In July 1963 public aid rolls included 417,413 persons.

Public aid expenditures in August amounted to \$23,192,894. The July 1963 expenditures were \$23,276,312, and in August 1962, the total was \$24,569,927. These totals include payments for burials, foster care for aid to dependent children removed from unsuitable homes and care for the medically indigent aged in Cook county.

Aid To Children Drops
Aid to dependent children rolls were reduced by 747 in August. The August recipient total of 238,389 was 8672 below August 1962. Expenditures for the program in August amounted to \$10,914,090, averaging \$42.21 a person. In July, the average cost for old age assistance in the amount of \$83,916; 4510 receiving \$163,362 under aid to dependent children; 57 receiving \$4840 blind assistance; 355 receiving disability aid totaling \$28,337; and 1116 receiving general assistance amounting to \$23,563.

Values Of Building Permits For Month Reach \$149,935

Values of new construction represented in 45 building permits issued during the first 17 days of this month by Earl Bloomquist, building inspector, and City Clerk A. L. Stevens have reached a total of \$149,935.

Issuance of permits lagged during the middle of the month, however, as 14 permits issued during the last seven-day period had values totaling \$31,300.

Two were for new homes obtained by Everett Kelly, a five-room brick veneer at 2814 Sunset drive at a cost of \$12,000, and by Robert Swiatek, at 3008 Terrace lane, a five-room masonry siding, \$9500.

A permit was granted to the congregation of the Second Baptist Church, 2100 Illinois avenue, to raise a building at 2117 Illinois avenue at no cost.

Three permits for additions to homes were issued to Joseph Krystoski, 93 Cambridge avenue, a patio roof, \$286; George Sebin, 2900 Palmer avenue, a bathroom, \$1900; and James Downes, 2539 Morgan avenue, one room, \$1400.

Five permits for garages and carports were issued to John Lakin, 3032 Edgewood avenue, a wood-asbestos garage, \$1500; Elmer Baumeier, 2804 Buxton avenue, a carport, \$250; Frank Harris, 3145 Carlson avenue, a brick veneer garage, \$1350; Richard Dowdy, 3008 Edgewood avenue, a carport and utility room, \$1600; and R. E. Robertson, 2607 Benton street, garage extension, \$15.

Four permits for remodeling and repairs were issued to Cecil Cozart, 2148 Edison avenue, garage roof repairs, \$70; Mrs. Reva D. Turner, 2652 Center street, repair fire damage to garage, \$600; Arthur Carbis, 2816 Washington avenue, porch repairs, \$700; and Elsie Schill, 2218 Delmar avenue, enclosure porch and install aluminum windows and doors.

Deaths Of Workers Ruled Accidental

The deaths of two workers who were killed on the job recently were ruled accidental in inquests conducted Thursday night by Deputy Coroner Henry Pieper.

Pieper said Paul Sciranko, 59, of Staunton, Ill., died of multiple internal and external injuries. He was hit by a car while sweeping a curbing on Route 137 south of Edwardsville on Oct. 7. Albert Clarke, 55, Alton, was killed last Tuesday when he fell from the high line trestle of the Illinois Terminal Railroad. He was supervising a work crew on the 60-foot high trestle.

JUNIOR SERVICE CLUB

HOLDS COSTUME PARTY

The Venice Junior Service club held its October meeting Wednesday evening at the Venice city hall. The meeting was held in costume and a Halloween party was enjoyed.

The business session was conducted by the president, Mrs. Laura Fechte, and reports were given. Correspondence was read and Mrs. Pauline Schank reported on a federation luncheon held last month at Rusty's in Edwardsville.

Donations were made to the Salvation Army and the United Fund. Committee reports were given on the style show held last week, and a general report will be made at the next meeting.

A social hour followed, and doughnuts and hot chocolate were served by the members. Mrs. Ruby Devany and Mrs. Jackie Leatherman.

Other members present were: Mesdames Jane Scaggs, Dot Billbey, Delores Bosworth, Lily Brasley, Ilsa Rouner, Anna Ohlendorf, Bertha Pace, Ruth Rankin, Judy Meahan and Charlotte Mize.

PLAN JOINT COOKOUT

The Cadette Girl Scout troop of St. Mark's school met Friday afternoon with the leaders, Mrs. Margaret Lee and Mrs. Joe Mauser.

The meeting was opened with the Girl Scout promise, and plans were discussed for a cookout to be held at Lee Park next week with the intermediate troop.

Plans also were discussed for the year's program, and the girls contributed to the Julia Childs fund. Time was spent working on badges, and the meeting was closed with songs and "Taps."

Girls present were: Shelly Simmons, Susan Stearns, Theresa Burger, Sharon Maurer, Mary Catherine Miller, Mary Welch, Julie Meahan, Kathy Fare, Kathy Wilkison, Kathy Daniels, Mary Alice Mulnik, Marilyn Caruso, Margie Scutaro, Margie McGarran, Karen Boelling and Diane Mangi.

SVEZIA'S OBSERVE SILVER ANNIVERSARY

Mrs. and Mr. Anthony Svezia celebrated their twenty-fifth wedding anniversary Wednesday evening as friends and relatives gathered in their home.

A decorated cake centered the refreshment table, with lighted candles at each end. Decorations were in silver in keeping with the occasion.

A buffet luncheon was served to Mr. and Mrs. Joe Svezia and family and Miss Neva Stevens of St. Louis. Mrs. Don Scott of Phoenix, Ariz., Mr. and Mrs. Shambro and family, Mr. and Mrs. Carl Ponce and family, Mr. and Mrs. Hank Svezia and family, Mr. and Mrs. John Svezia and family, Stanley Svezia and daughter, Mr. and Mrs. McGarran and family and Mrs. Annette Daniels and family.

CANASTA CLUB DINNER AT HARBOR POINT

Members of the Canasta club and their guests enjoyed an evening at Harbor Point, West Alton, Mo., on Wednesday.

Dinner was enjoyed aboard the Plaza by the guests, Mrs. Mary Schaffner, Miss Rose Ann Ritz, Mrs. Marilyn Schaffner, Mrs. Evelyn Morris, Miss Becky Schaffner and the following members: Mrs. Lorraine Morris, Mrs. Bee Schaffner, Mrs. Mabel McGee, Mrs. Elsie Canner, Mrs. Ruth Canner, Mrs. Rose Ritz and Mrs. Marge Purcell. High scores were held by Mrs. McGee and by each of the guests.

MRS. CARUSO HOSTESS TO CHATTERETTES CLUB

The October meeting of the Chatterettes club was held Thursday evening at the home of Mrs. Linda Caruso. The evening was spent at games, and prizes were awarded.

A luncheon was served to Mesdames Pat McCooly, Mary Jo Kolka, Janet Covey, Mary Ann Collet, Margaret Wiseman, Sandra Campbell, Ruth Vogele, Janet Saladin, Kathy Heagy and Dot Schellert. The next meeting will be held at the home of Mrs. Saladin in St. Louis.

TROOP NAMES OFFICERS

St. Mark's Junior Girl Scout troop met Friday afternoon in the church basement with the leader, Mrs. Florence Durer. Plans were discussed for a cookout to be held next week with the Cadette troop, and an election was held.

Those elected were: patrol leaders, Linda Svezia and Rosemary Daniels; treasurer, Rosemary Billbey; scribe, Elaine Svezia; and assistant patrol leaders, Linda Durer and Joan McGarran. The meeting was closed with "Taps."

CRADLE SHOWER FOR MRS. LOREN DAVIS

Dewey Avenue Methodist Church was the scene Thursday evening of a cradle shower in honor of Mrs. Loren Davis, the former Carol Ann Davis.

The honoree's mother, Mrs. David Davis, and grandmother, Mrs. Alma Davis, were hosts for the evening.

The tables were centered with pink and blue streamers and the centerpiece of the main table was a nurse holding a baby in each arm. The other tables were decorated with stuffed animals.

Games were played and prizes awarded to Mrs. Fay Poole and Mrs. Shirley Lane. Quizzes attended were Mesdames Mary Rana, Geneva Grunden, Frieda Crawford, Mable Geiger, Gladys Potillo, Emma Elmore, Louise Potillo, Lottie Squires, Geneva Poole, Fern and Mary Poole.

Webb, Elsie Byrd, Mima Duncan, Louise Louise, Violet Miller, Edna DuPont, Pauline Duhaus, Joyce Frick, Sharon Lehman, Joann Tepler and Mrs. Lillian and Mrs. Ella Lindner, Madelon Shaw, Mollie Kahler, Katie Alexander and Mesdames Jane and Mary Lane, Lana Duhaus and Kathleen Lane.

HOME FROM TENNESSEE

Mrs. and Mr. Hiram Rhodes, 2018 State street, and their six-year-old son, Cody Dameron of Roadhouse, Ill., returned Friday from a visit to Manchester, Tenn., with the Rhodes' son-in-law and daughter, Mr. and Mrs. David Cullum and children.

Mrs. Dameron toured extensively in the Smoky Mountains, visiting in Gatlinburg and in Elizabethton, Tenn., with a relative, Mrs. Lulu Carriger. She returned to the Cullum home to pick up the Rhodes for the return trip.

Mr. and Mrs. Charles Allen, 1828 Spruce street, had as guests last week Mr. and Mrs. P. D. Seavers and daughter, Fay, of Pevean, Tenn.

ENTERTAINS CLUB

Mrs. Hester Ohlendorf was hostess for a meeting of the Christmas club Wednesday evening in her home. The afternoon was spent at games, and prizes were awarded.

Refreshments were served to Mesdames Ora Anderson, Margaret Painter, Mabel McGee, Lil Durer and Hazel Painter. The next meeting will be at the home of Hazel Painter.

Mr. and Mrs. Floyd Painter and Mrs. Jessie Ochler spent Thursday in Carrollton, Ill., as guests of Mr. and Mrs. Everett Painter. They also visited in Brighton, Ill.

SEVENTH BIRTHDAY

Mrs. Dorothy Switzer, daughter of Rev. and Mrs. Raymond Switzer, 2108 Dewey avenue, celebrated her seventh birthday Saturday with a party for her Sunday school classmates.

Birthday cake and ice cream were served to Kathleen Lane, Mable Beth Book, Mella Wolford, Laurie Gibbs, Clotdy Branch, Marsha Hileman, Marjorie Smith, Lorie Melcher, Karen Gage, Candace Switzer and the teacher, Mrs. Mely Testerman, and Mrs. Mildred Book.

Mr. and Mrs. James Thompson of Highway 111 returned home last week from Orono, Ariz., the Netherlands Antilles. Thompson has been working there the past year.

Halloween Party

TR. LEADER SCOTTS

The Leaders class of Dewey Avenue Methodist Church met Saturday evening for a regular meeting and a Halloween party.

The children wore masks and prizes were awarded for the best dressed youngsters and the funniest costumes.

Mrs. Dorothy Ashford, president, was in charge of the business session. The devotion was given by the teacher, Mrs. Louise Potillo, on "Thank God for Life" by Roy L. Smith.

The group decided to have a hot-chicken Thanksgiving dinner at the next meeting, inviting a few students from Southwestern Illinois University who may not be able to return home for the holiday.

A barbecue dinner was served to Mr. and Mrs. Claude Poole and daughters, Mary and Jane, Mr. and Mrs. Carl DuPont and daughter, Sandy, Mr. and Mrs. Hulet Jenkins and daughter, Frances, Rev. and Mrs. Raymond Switzer and daughters, Candace and Nancy, Mr. and Mrs. Daniel Seaton and daughter, Laurie, Mr. and Mrs. Edward Kessler and children, Gene and Pauline, Mrs. Dorothy Ashford and son, Jerry, Mr. and Mrs. Frank Feller and daughters, Karen, Kathy and Mary, Dennis Hecht, Mr. and Mrs. Charles Hileman and children, Chuck, Steven and Marsha, Mr. and Mrs. Duward Book and daughter, Maria, Mr. and Mrs. L. Faces Two Charges

Charges of speeding and reckless driving were placed against Kenneth Tulliver, 2108 Army Depot's 28th Engineer Co., who was arrested last week at 26th street and Madison.

Courtway Recuperating

Emmett Courtway of Buxton avenue, is recovering at St. Elizabeth's Hospital from broken ribs, lacerations and other injuries which he sustained last week in an automobile accident near 20th street and Edwardsville road.

Short In Wiring Causes Fire On Center Street

A short in the wiring in the basement caused a fire at 7 a.m. Friday at the frame home of William Morford, 2325 Center street, damaging a couch. Granite City firemen from the station, who answered the call, estimated damage at \$25 to the contents and \$35 to the building.

West Granite firemen were called to an automobile fire at 5:20 p.m. Thursday at 609 St. J. avenue. The owner, a 1934 Packard sedan, had burned but was not damaged.

No damage was made. A city estimate was made. A city apparently caused the fire, they said.

Firemen also were called to a fire at 1:15 p.m. Thursday at 14th street and Washington avenue. There was no damage.

Miss Hotz Renamed To Election Board

Miss Eulalia Hotz, county clerk, has been reappointed to the 15-member election law committee, it was announced last week at Springfield.

Miss Hotz was named by Gov. Kerner to her second two-year term.

The election law committee examines election laws, investigates reports of irregularities and makes reports to the legislature on recommendations concerning election laws.

Others named by the governor are Thaddeus Alesko, Chicago; Dan Brown, Monmouth; Judge James Gray, Belleville; and Mrs. Thomas Keegan, Rockford.

Five other members are appointed by the state senate and five are appointed by the house of representatives.
